

Moortown Primary School, Leeds

About Us

Moortown Primary is very much a ‘family’ school: we cultivate and nurture attitudes of support, respect and care in all our activities and relationships and for all our children.

Equally important is learning. We set high standards in everything we do and strongly believe in the importance of the core skills of reading, writing and mathematics.

At Moortown, we also believe that primary school education is an experience that all children should enjoy to the full. We therefore offer a broad and balanced curriculum: drama and health are strengths in our school.

The multi-cultural dimension of our school’s community is another strength: we celebrate our many diverse backgrounds. This helps our children to become positive and active citizens.
